Parent Concern Procedures

Statement

Our Governing Council and staff consider that a close, respectful and considerate relationship with parents has always been a high priority. We welcome the opportunity to help with your concerns as a way of improving our Centre's operation for the benefit of all students, including your own child. Please take the step of talking to us rather than have an unexplained or unresolved issue. You will always be treated courteously and respectfully.

Our Procedures

First step

Contact a staff member; it could be one with which you have a rapport or one involved in an issue. This staff member will listen respectfully to your concern. Your concern may be resolved in the first step.

Second step

If the issue is about a staff member or you wish to discuss the issue or concern further, please contact the Director, Timsy Jyoti 8264 3025

dl.4635.leaders@schools.sa.edu.au

The Director will arrange, as a matter of high priority, the opportunity to meet and discuss your concerns and ways to resolve them. They will get back to you with any concerns they may need to look into further.

Third step

If the concern is about the Director, or if you feel that there has been no result in the first and second step, contact the Department for Education Customer Feedback Unit for information, advice and support (please see the brochure, *Raising a complaint with DECD*).
